# Walk the Borneo Jungle

**7th March -  
16th March 2027**

**Trace the steps of the Prisoners of War,  
who endured extreme conditions on the  
gruelling Death March from Sandakan  
PoW camp to Jessleton.**

Taking place in the dense jungles of Borneo,  
we will follow as much of the original route  
as possible, including Mount Trusmadi,  
Borneo's second highest and most  
challenging peak. This trek is not only a test  
of endurance but a profound homage to  
resilience and remembrance.
