ABOUT THE ARMY BENEVOLENT FUND

Army Benevolent Fund

We exist to ensure that every soldier and veteran of the British Army, and their immediate families, are afforded the independence and dignity they deserve. Since we were established in 1944, we have worked with veterans of every conflict. We're here for the 'long haul' - for all future generations of soldiers and their dependants whenever they are in need. We support individuals, families and a wide range of specialist organisations that sustain the British Army 'family', both at home and around the world. We are also one of the largest funders in the military charity sector, supporting 80,000 people in 52 countries and funding 93 organisations last year (FY24-25).
