

**Army
Benevolent
Fund**

**We help former
soldiers live
independently**

Former soldier Matt was 32 when he was diagnosed with multiple sclerosis (MS).

His illness affected his mental health and ability to care for himself. Working with our partner charity SSAFA, our charity proudly funded home improvements including a riser/recliner chair and a mobility scooter, which have transformed Matt's quality of life and helped him gain a new sense of independence.
